

CHAPTER VI

The All Stars—1921 to 1948

The growth of 4-H Club work in the State of Maryland and the development of the All Stars during the past twenty-eight years is probably the outstanding feature of this chapter. Since 1921, seven hundred and thirty-six All Stars have been selected into the group. At the same time, there have been seven honorary and seventeen selections of various Extension Service Staff members to the Circle. To clearly show the growth of the All Star Organization, it is interesting to review the roster by county and by year to reveal the trends in Club work, the growth of the "four-fold life" idea, and also to reflect the 4-H Club activity in each county as supported by the various County All Star groups.

THE MEMBERS BY COUNTY AND YEAR

By County, exclusive of honorary and staff selection, Allegany and Montgomery represent the largest delegations, with seventy-six and seventy-one respectively. The smallest delegations are represented by Somerset and St. Marys Counties, with a total of five members each. It is interesting to note that nine of the twenty-three counties within the State furnished sixty-two per cent of the total All Star membership.

In 1934, the eight members selected by Prince Georges County represented the largest single delegation selected from any one county in any one year. At the same time, Somerset County did not have a single selection until 1946, while Washington County has had at least one member consecrated each year since 1930. This is also the longest uninterrupted period of selection of 4-H'ers to the All Stars of any of the twenty-three counties in the State. Harford and Baltimore Counties have had selections to the Circle during all but three of the twenty-eight years that the Maryland All Star Chapter has been organized. It must be pointed out that these trends in membership of the All Stars are greatly influenced by the scope and wealth of the agricultural activity within the respective counties. For instance, the growth of the Organization in the lower Eastern Shore Counties of Dorchester, Somerset, Wicomico and Worcester has been very slow. During the existence of the All Stars in the State of Maryland the total membership from these Counties is only fifty-eight. In the Central Eastern Shore Counties of Caroline, Queen Annes, Kent and Talbot, the total membership of ninety-nine All Stars is considerably greater.

Since the records for the early years of the All Stars are rather incomplete, it is possible that the selection of certain members may be under the wrong year. The name of the individual at the time of selection into the All Stars has been used to establish the 1921 to 1948 membership listing, insofar as has been possible.
